## WORK EXPERIENCE

### Moxie Sozo

Web Developer - Boulder, CO | March 2021 - Present

- o Develop websites on both the front and back end for a wide variety of clients across several industries, with a focus on e-commerce using Shopify and Wordpress platforms.
- o Work with other developers, interactive designers, account managers, and marketing teams to deliver excellent products, with an involvement in the entire process from concept to execution.
- o Manage an efficient workflow for both large and small-scale projects, with an ability to remain agile and flexible in order to accomplish both new projects and simultaneously maintain current projects to meet clients needs throughout the company.

# WORK EXPERIENCE (cont.)

## Touchsource

**Front-End Developer / Interactive Designer - Lafayette, CO | March 2019 - Feb 2021**

- o Collaborate with larger clients to create more unique and customized projects, creating everything from initial UX wireframes to the final development and deployment in the field
- o Execute the design and front-end development for a high volume of interactive touchscreen directories and other digital signage interfaces on a daily basis within an agile workflow
- o Create animated branded content for clients focused in retail and shopping, as well as long-form and short-form animated videos for internal sales and marketing teams.

## TEGNA Design Tank

**Motion Graphic Artist - Denver, CO | May 2018 - February 2019**

- o Designed, illustrated, and animated both short-form and long-form video content for dozens of regional markets and audiences across the country
- o Maintained an excellent standard of quality while working in an intensely high-paced production environment, delivering a wide range of news and broadcast graphics on a daily basis
